Heavy Floods In Selangor

From Our Staff Correspondent
KUALA LUMPUR, Thurs.
RAIN in the past three
days has caused the
flooding of three trunk
roads in Selangor and the
lower areas of Sentul. Some
rivers have overflowed their
banks and many houses
have been under water.

Flood waters in most
areas are now subsiding.

The road between
Rawang and Kuala Selangor was flooded to a depth
of two feet between the
34th and the 36th mile at
noon today.

Flooding is also reported
at the main road between
Kajang and Jenderam and
between Tanjong Karang
and Kuala Selangor.
